

“The S.O.S. Files”

God Bless Everyone.

One of my favorite scriptures (in fact, I think this is My Anna’s favorite) is Psalm 46:10a: Be still and know that I am God.

In the Aramaic, the word “still” is *pha* and it means turn, turn away, return and turn towards. It implies the turning of the day, which in the Hebrew day was early evening (around 6-7 pm our time). The people of the East considered that time, the quiet calm of the early evening. The main thought of the verse is To Know God. We can never completely KNOW God until Jesus Christ returns, but can move towards that direction.

The word “know” is in the imperfect tense. *Yada* is the Hebrew word; *Yaday* is the Aramaic word. It means to perceive, to understand. What a great lesson God is teaching us, to be still, get quiet, for as we have heard before: the greatest cargos of life come in over quiet seas! A good example is in 1Kings 19:11-12 Elijah hearing a still, small voice. I got to thinking about the birth of Jesus Christ, and if you remember when Dr. Wierwille and the research team did the great work, *Jesus Christ Our Promised Seed*, they were able to document the approximate time of His birth to be between 6:18 and 7:39pm. How wonderful Our Heavenly Father is! It blows my mind! For God gave THE GREATEST CARGO OF LIFE (HIS SON) in the Great Quiet Calm of or at the turning of the day! In the stillness of that day, Our Savior arrived! That might be a good New Year’s resolution, learning and cultivating more quiet seas. I remember Doctor [Dr. Wierwille] saying one time “I can’t imagine me not talking to God every day, and Him not talking to me.”

I love you all and all are in my prayers

Bob V

The S.O.S files are part of what I call THE S.O.S ADVENTURE. My concern is to help those on the field, by visits, written communications. It’s not a program or a separate ministry. It’s to help compliment what you are doing on the field. S.O.S stands for SOLD OUT ON SERVICE.

1 Corinthians 16:15b. There is nothing quite like THE JOY OF SERVICE. That ADDICTION IS WHAT WILL TAKE THE WORD OVER THE WORLD. So I will be going out more this year to teach and help and in late spring or early summer will be doing a leadership seminar for those who want to learn and be more engaged in their fellowships, to see God’s Word move bigger and better than ever.
