Living Victoriously in Our Father's Love

The love of the world
Will come and will go;
It will take you up high
But then drop you down low.

It will leave you in times
Of distress or despair;
True love when it's needed
Will never be there.

The world seems so exciting,
So new and so right;
Yet to the darkness of a life
It will bring no true light.

But for us who were chosen,
For us who believed,
God's perfect love
We have received.

He has chosen us
And set us above;
He's given us His Word
And healed us with His love.

We bask in His presence
And warmth from above,
As we live victoriously
In our Father's love.

OPENING PRAYER

Tuesday, June 29, 1982

Each day LIVING VICTORIOUSLY begins with flag raising and a prayer by Dr. Wierwille.

Our gracious, loving and tender heavenly Father, on this Tuesday, June 29th, may each and every soul live victoriously by believing in all that you have done and said, and all you are doing now.

Father, I pray for the souls that you have given me, that each one may see your goodness, your wondrous works and your faithful Word.

Father, on this anniversary of my ordination to the Christian ministry, may I continue to be simple enough to believe your every word as a humble child and may I never offend your children in any way by what I do or say. Father, I believe with all my heart that this day our people will walk in the light as your Son is the light, and I thank you for allowing me to be in the ministry of your Word. In the name of Jesus Christ. Amen.

Gonna Carry My Bible to School!

High school students: Here's some inside info! Check it out!

There is a student in your school at home who spends the first half hour of each day reading God's Word and actually praying for the students in classes and activities, for the victories of its athletes, for triumph over Satan's influences in the school—and most of all, for the Word to be believed by its students and teachers.

Do you know who this person is? It's you, if you make the one-year commitment to be an *Outreach Athlete* at your high school.

To do so, sign up for a commitment that lasts from Rock of Ages '82 to Rock of Ages '83. As an *Outreach Athlete*, you will spend at least 48 hours a week in school and in moving God's Word during times when school is not in session.

And get this! You will also attend two weeks of Summer School, June 19 through July 3, 1983, at The Way International.

More information is available at The Way Tree Headquarters tent.

Corps and Staff Assignments

Corps volunteers and Staff who have not yet picked up their assignment letters should do so at Central Office. All letters not picked up will be mailed next week.

Undaunted

"We have a little precipitation here," quipped Steve Strzepek, as Region and Limb coordinators had already gone into action to release hundreds of gallons of water from the weighted-down canvas flaps of The Way Big Top Auditorium. Their heart of service was a witness to all the students in The Way Big Top.

The sudden June downpour Monday afternoon had knocked out electricity on the grounds, but the Word continued to be held forth as Rev. Craig Martindale taught "The Athletic Competition of the Believer" using a battery-operated microphone.

So that students in the back could hear the teaching, Rev. Martindale had those sitting closer to the front repeat each phrase of his teaching in chorus. Translators shifted their charges into the orchestra pit and other areas to continue interpreting without the use of headphones, while audio engineers scrambled to provide Main Stage sound from an emergency generator.

Outside the tent, emergency response crews suited up to adjust wiring from the generator to those areas that needed power. Each work crew began to make the necessary adjustments to continue to provide services for the class, undaunted by the rain.

Winning our spiritual contest is a daily victory!

Dear Daily Victory:

I stood at the flag raising and watched the American banner with The Way International flag under it moving straight upward, flying in the morning wind.

In Germany we learn in our schools today that any patriotic feeling or love for your country is nationalistic, if not Nazi-like. While the flag was moving up, I felt patriotic for America as the fore-runner for liberty and freedom, a ship fastly cutting through the ocean of fear and unbelief with its precious cargo, the Word of God, and other countries following behind.

Since I have begun to know God's rightly-divided Word, I love my country. But when I return I will love it even more, knowing the Word will go over Germany and make my country free.

A Letter Home

Dear Folks,

Dr. Wierwille has been teaching us we are to present ourselves to the world in the best possible light. "We have this treasure in earthen vessels," he said. "Make that vessel shine."

He said we should let people see the Christ in us—"that's how you get the Word Over the World."

Well, that sure was timely for me to hear. It's so great to run around in the Ohio sunshine barefoot and in cut-offs. But I gave myself the once-over and saw that such raiment is not the most appropriate when I come to hear God's Word taught.

So tonight I'm digging out that tie I brought, "just in case," and tuning up my physical appearance to reflect what God has done for my life. I've also decided to get to my seat 10 minutes early to get spiritually primed for the teaching.

It's all part of LIVING VICTORIOUSLY.

Thankfully, *Pete*
