"This is my beloved Son, in whom I am well pleased." Matthew 3:17

May God be able to say we are his beloved sons in whom He is well pleased.

"The Word is the calling, that's why it needs to be taught." Dr. Wierwille

"If you really want to obey God, then you've got to spend some time studying the Word." Rev. Cummins

You can't change your whole mind. You change one thought at a time.  
Rev. Cummins

Scope - the range in which an activity explains itself, it's the great subject, the overall subject! Rev. Cummins

The best way to get scope is to read. Divorce yourself from the world.

"We can't limit ourselves to one man's thinking and one man's guide lines. God's bigger than that! We limit ourselves by our believing." Rev. Townsend

"Take initiative and get the job done instead of sitting back and letting someone else do it." Rev. Townsend

"We literally carry the responsibility of the ministry." Rev. Townsend

"God only has to say something once for it to be true." Rev. Townsend

"With the greatness of the work and size of the ministry, we can't afford to lose the "heart and fire" else we'll transgress like the churches."

Rev. Townsend

"'Almost only' counts in horseshoes and necking." Rev. Cummins

"'Almost persuaded' applied to Agrippa and I don't think he was necking with Bernice at the time."

"Your success in what you do in the ministry is going to depend on how you work with people. You be you with Christ in you. It's okay to keep the neuters." Rev. Randy Anderson

"The decisions we make have to be more and more in the Word and to do this the Word has to be in our hearts." Rev. Cummins

Never use people not even to move the Word: Love people and they'll move the Word!

"It's difficult for man to accept God's grace because if he can work for it, it will build up his ego!" Rev. Cummins

"When you start believing the Word, you extend your life line." Uncle Harry

"We dig the treasures out of God's Word and hide it in the treasure chest of our mind." Wayne Merrill

= = = = = Regarding our new larger Corps twigs . . .

"What impresses me is what it will do for the areas around the country."  
Ellen Herring

"Fantastic! The Way Tree set up generates enthusiasm from one believer to another." Tom Mausolf

"Being a Twig Coordinator, it amazes me. I go to my own twig and get my needs met too." Dave Buschmann

"I asked Father for something like this!" Katie Fowle

"I think it's terrific! Regarding the jobs, once you learn your job to the point of being able to do it unsupervised and if you continue to motivate yourself to go beyond, you will learn by practical experience principles that will continue to work for you in many other aspects of your life's work. Regarding the twig, I believe you'll see some big principles of how to communicate deeply, how to love beyond personality and character - to the heart and stick-to-itiveness. I think it's a grand quest!" Janice Corrodi
