

The greatest commitment ever made was God to His Word.
You can get no closer to God than His Word.

The greatest
ministry a leader
has is to
deliver people
from condemnation.

Our joy is
not the work--
it's the Word.

God's Word
shall come to pass.
People must stick
around until it does.

PATIENCE IS:
THE WORD OF GOD
IS THE WILL OF GOD.

Renewed mind makes the difference between being
the victims or victors in life.

Love of God is the fertilizer of life.

Rev. Gerald Wrenn

HEARTBEAT BULLETIN

EMPORIA

JULY 15, 1976

VOL 2 NO. 28

Hi CRAIG

"What pleases God is people walking in God's best way. My heart is in a perpetual state of asking. Insanity is anything less than God's best."

God has always provided a way for His people--His best way. There must be two choices; otherwise, there could be no free will...Each administration was the best God could do, according to people's believing...God's way is only proclaimed by His people...Not to know Christ after the flesh is God's best way...God's best way is a family...In the old administration, only one man built the church. In our administration, there is increase of the body to the edifying (building up) of itself in love...True service is only available in the walk of no condemnation."

Rev. Craig Martindale

"Freedom is WHO you are with WHAT you are."

Dr. Victor Paul Wierwille

"He who shall introduce into public affairs the principles of primitive Christianity will revolutionize the world."

Benjamin Franklin

"It is impossible to enslave mentally or physically a Bible-reading people. The principles of the Bible are the ground work of human freedom."

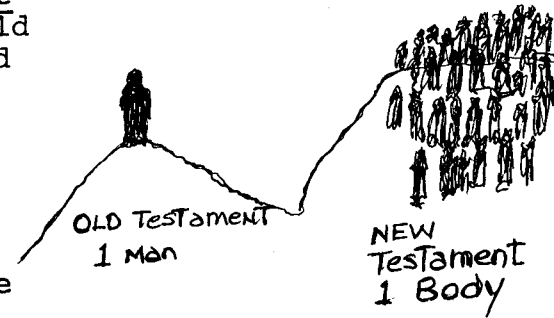

Horace Greeley

"Jesus Christ was an incisive (sharp, acute, clear-cut, penetrating) thinker. He trained his people to be individualistic.

God calls His people believers, because that is what He expects them to do.

Jesus Christ brought hope to this day and time and it was with words. John 1:14

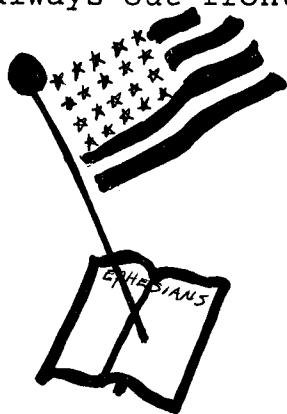

A walk of prayer is depending on God to meet your needs.

Peace indicates believing. Prayer is getting the Word in mind--and believing it. Faithfulness is a continued walk of believing. The Corps is a time of proving the Word faithful in your own life.

The compassion of Jesus Christ drew men to make a stand. The moment we have confidence in the flesh, we lose all power. We cannot walk worthy. If your confidence is in God, then you are free to serve. Jesus Christ's heart was a doormat for people's feet. He was always out front with what was in his heart." Rev. Gerald Wrenn

"America is the ultimate home land for Christians. Establish these Principles:

1. SIT much
2. Pray for our nation, land, etc.
3. Speak and hold forth God's Word
4. Live your citizenship

There are 9 manifestations we can operate to help keep this nation free.

Freedom or liberty is an effect, not a cause. You cannot have a knowledge of history without an accurate knowledge of God's Word." Tom Jenkinson

"Without God, there is no deliverance. God's love, mercy and truth make it available for us to deliver people and to exemplify the mystery. Jesus Christ got to the root of the situation. He gripped a man's heart with love like a mountain climber grips a fingerhold at 5,000 feet!

Only tender hearts can receive revelation and learn. The only way to become tenderhearted is to love God. To love God, you must keep His Word (I John 2:5)."

Rev. Gerald Wrenn

SIXTEEN DAYS

Well, 16 days, that's all we've got left
Don't tell me where I'm going, 'cause I'm not going yet
Oh, Craig, don't you tell me, where I'm gonna go
Just give me a shovel if there's gonna be snow!

Well, 16 days that's all we've got now
Don't talk to me about it; while I'm eating chow
One thing I know, and that's I can't wait
Just give me a passport if it's out of the states.

Well, 16 days, we're going to spend them all here
Tomorrow's still coming, but I've nothing to fear
Oh, Craig, don't you worry, 'cause I won't cry
Just give me some brawn food, so I don't die.

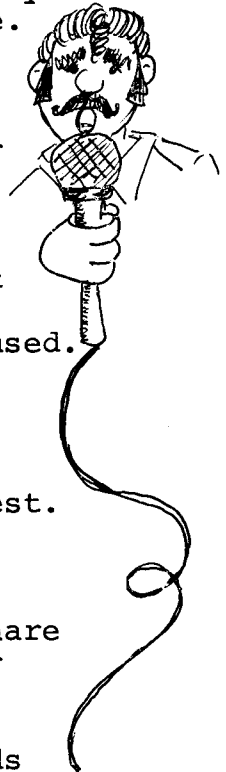

Well, 16 days and I'll make you a bet
I'll get my needs met without any sweat
Don't worry about me, Dr., I ain't going far
It's kind of hard when you ain't got no car.

Well, 16 days, and I'm towing the mark
I ain't giving up, just getting a good start
I got grace on my side, so I can't lose
The Devil can't stop me 'cause I'm all enthused.

Well, 16 days, and the Devil's "uptight"
He's losing sleep and losing the fight
Well, we're all cool; we're the best
We'll prove to the world we can stand the test.

Well, 16 days and we're all hip
To what the Devil's doing and his big trip
We're gonna teach the Word and expose his snare
Get Rocky and his boys out of America's hair

Well, 16 days and who wants to leave?
Our twigs are together--there's no more needs
But we'll go out there, and hit 'em with the Word
'Cause they can't carry out what they've never heard.

"THAT'S ALL WE'VE GOT
LEFT?"

Paul Marksberry,
Bob Materdomini
