

heartbeat bulletin

VOL. 3, NO. 14

JAN 10, 1977

"It's interesting that people can always do things at the point of a gun, but can't do them with the freedom of the love of God. I think the Corps is what it's going to take to walk with the freedom of the love of God."

Dr. Victor Paul Wierwille

"Push yourself; build your own breaking points. Throw yourself into situations you never dared try before. You'll find you can do a lot more than you thought you could. You'll get out of the Corps what you put into it. And you've got to give everyone a chance to grow. I've seen some of those whom I questioned sense-knowledge-wise become some of the best leaders in the ministry."

Rev. Walter Cummins

"We're not going to play around. That doesn't mean it's going to be negative and critical. It means it's going to be a positive push. We want to show you what kind of capabilities you have way beyond your renewed-mind dreams."

Rev. L. Craig Martindale

"You in the Way Corps, perhaps have one of the greatest challenges to walk honestly and faithfully on God's Word."
Dr. Victor Paul Wierwille

"Genetically, we are different, even in the area and basics of personality. God originally gave us good qualities and traits that He wants us to develop. That's the only way to get comfortable as Christians. That doesn't mean complacent. He doesn't want you to be me. Who you are with Christ in you is your place in the body."
Rev. Randy Anderson

"You can do anything that needs to be done when you have the knowledge, experience and boldness to carry it out."
Rev. Walter Cummins

"There's always a way. There's always God's best will available. Perhaps it takes a situation where we're between the devil and the deep blue sea in order for us to see that God can carry us through."
Rev. L. Craig Martindale

"It's as easy as ABC: A committed son of God must B dedicated if he is going to C faithful men and women take the Word of God over the world... God is on time, in time, every time, all the time."
Rev. Lonnell Johnson

"The Corps is designed to build quality men and women who can take it. I expect my Corps people to stand on the Word bigger than any Marine stands for our government."
Dr. Victor Paul Wierwille

"You can't live the more abundant life on principle alone. What it takes to succeed at it is knowing the Principal: God."
Tom Knupp, Fifth Corps

LEADERSHIP *in Thought*

"Taking a stand will always result in healing."

Rev. L. Craig Martindale

"Practice makes permanent. Doing overcomes fear and worry."

Allen Mizer, Sixth Corps

"If we believe that there is a reason for everything that we do, then we will pay attention to detail."

Pat Saunders

HEARTBEAT FROM HEADQUARTERS

"Commitment is our (The Way Corps) middle name."

Rev. Del Duncan

"When the hour is critical enough, you don't mind putting God first."

Dr. Victor Paul Wierwille

"You don't have to know what is the answer. All you need to do is know who is the answer. Without using the name of Jesus Christ, we have no power."

Rev. Bo Reahard

"You, in the Corps, are trying to get as much of God's Word as you can. You are the ones who are entrusted with a tremendous knowledge of the Word and a tremendous responsibility on the field. If you can't separate legalism from grace, stand and stick to the integrity of God's Word, who can? You can't be divided. If you keep that in mind, you'll go fast and far."

Rev. Walter Cummins

"If God can't do something today, how do you know he can do something in the future? If there's one thing you never give in on, it's the mystery."

Rev. Walter Cummins

"Don't form a clique--get out and click with others."

Rev. Walter Cummins

The Way Corps

"A pebble drops into a dormant pond
Awakening stagnant sleepers
With patterned rings of new activity
Reaching out and touching every shore.

Were God to drop a pebble upon
The oceans of unrest;
Where men, through life, do hopelessly drift
He would need to train a special kind of Corps.

A Corps of men and women
Striving to achieve
Spiritual understanding
An ability to perceive.

A Corps of expert teachers
Whose knowledge does run deep
Willing to speak the truth in love
And practice what they preach.

A Corps that will not tire
Though long hours they may labor
With strong hearts and healthy bodies
They do mankind a favor.

A Corps of positive thinkers
Determined to succeed
By claiming every promise of God
They'll reach their goal indeed.

A Corps of qualified leaders
Attuned to every matter
Serving man the Bread of Life
Upon a silver platter.

God chose to drop a pebble
In this our day and time
There is indeed a Way Corps
Composed of God's design."

Dennis McGee, Seventh Corps
