The Way Corps

Dear Summer School Students,
With summer school drawing to a close we would like to express the love we have for every member of the summer school this year. When you return to your homes remember that you are taking a little bit of each of our hearts with you , and that makes one big heart.

We love you!!! The Way Corps

is your life. Craig

This year has been the best year of my life. I thank God that we had the privilege of Letting Go and Letting God together. I love you.

Cheryle Fortier

Dear 5th and Special Corps:

This year has been one of the shortest and longest of my life. It really is something how the days are so long and the weeks just fly by.

I am positive that I have never given more of my life and time for people as I have this year. Someone told me recently that you can only see growth in others if you are growing. It has amazed me how much we all have grown.

I love each one of you for the way you have loved me and have constantly shown me concern throughout this year.

Thank you all for the good memories that I have of this year in my life.

Your brother,
Michael Martin
