"...rooted and grounded in love...." Ephesians 3:17

"We're God's professionals." Uncle Harry

"God is not well pleased with the acts of the devil and we shouldn't be either. If we remain complacent to evil we will not manifest the more abundant life. When we just sit and let one thing after another slip by without getting mad enough to take a stand, we should turn in our seed. When we love God with all of our heart, soul, mind and strength, then we will be concerned enough about His ministry to see that it is carried out with God-inspired professionalism." Rev. Bo Reahard

"A challenge is to be pitted face to face, toe to toe, eyeball to eyeball with the available-- to please God, to believe to the uttermost because of Christ in. WHY NOT?!?!?!?"
Elena Whiteside

"It is the new dynamic church. We roll and dodge the punches, but rebound with renewed vigor of the spirit to continue our undaunted march with the Word over the United States."
Roger Thompson

"Everytime you're renewing your mind you're whipping the adversary." Craig Martindale

"You be the general of your mind." Steve Santini

"The Way Corps is the best way for me to learn the balance of the Word to everyday life and that is how to push like crazy and how to be quiet--how to be mad as heck at the devil and thankful for what we are in Christ." Allen Hamilton

"We needed to delice the cows at the Kipp Farm; at first I was scared stiff-- those cows are strong ya know--then I got into the act, getting the job done. I'd walk up to those calves and grab 'em and hold 'em, it was great--Action conquer fear!!!" Tom Swift

"Believing is the victory that overcomes the world." Wings of Silver

The Art of Prayer

"The key to the art of prayer is thought, as we think to, we pray. Prayer is thinking and thanking. It is thinking of our many blessings and accepting them with a thankful spirit. Prayer is a way to let in God and let out self; to let in love, and let out hate; to let in faith, and let out fear." Anonymous -- submitted by Sharon Driscoll

♪ Speaking in tongues is very, very good ♪

"Speaking in tongues gives the heart beat... evidenced by the following entry: Thump, Thump, Thump....." Donnie Fugit

A thump from the mighty Mini-Corps concerning "What do you think about living here at Headquarters?" Reply: "I don't like anything." Matt Weidenhamer (of course, we of the Heartbeat Bulletin are certain this is that common figure of speech-- OPPOSICENSIO)
