"I do not believe that things happen accidentally.

I believe that they happen because men and women believe."

'Tis Gory Just To Walk Within

My ego tells me, "Man be free,"
Individuality.
And off I go,
I'm so danged free,
I'm in "Divided-ality."
Cut to ribbons,
Slashed and torn,
I'm wracked by my own sophistry.
And so I sit,
A son of God,
Meditating on my bod.
I'll chase the muse of privacy;
Who cares about the family?
Oh, my....,
I really think I need this time,
Alone! Alone! 'Tis so sublime
To merely think,
Just sit....a ball
And read my mind's graffiti wall.
Oh me....
If I just had a friend
Who'd give me time, his ear to bend.
But no....
I guess if I did that,
He'd want to tell me where he's at
And then expect some kind of aid....
Good God, forgive what I just said.

"Obedience isn't negative;
it's a flow!
It's all positives!"

"What's neat about God is that He knows everything about us;
yet, He still loves us."

"The more we become aware that the battle is spiritual, the
less we will tend to think evil of people."

"Redeeming the time is being organized in your work and
specific in your action."

"Sound speech is mystery talk.

A real man turns on to a woman who stands on the Word. A real woman turns on to a man who stands on the Word.

The greatness of good works is in the manifestations. We're in the occident, but we're not here by accident! Get involved with swinging; don't worry about getting hit.

Putting the Word together is the greatest confidence builder I know.

There is no greater joy in life than to fit something together in God's Word on your own.

Straight King James is magnificent, but it takes the spirit of God to lock things in.

God's Word is the only thing a man or woman has a right to say.

When we walk that Word and operate manifestations, we see God eye to eye.

My walk in fellowship determines how big I see and live the Word.

The Epistles tell us what Christ in us is and how we can walk it.

The consistent excellence in your life encourages and motivates others.

There's just as much grace involved in good works as there was in getting saved.

The good works or lack of good works expresses the heart."

'God, I'll do anything
you want me to do
in order to get
that taken care of'--
that's meekness.

You'll never hold forth the Word to optimum degree unless you have first received it to optimum degree and retained it to optimum degree."

"Capacity is a state of mind.

Forget the little things...forget about yourself and think about God.

A good manager works himself out of a job by teaching you so well that you can take over; then he goes on up.

Nobody has any more time than you. We all have 168 hours a week to work for God; therefore, we must redeem it.

The only resource we have to move with is people - now is the time to move."

Howard Allen
