Fact--The Power For Abundant Living class runs four nights a week for three weeks.

Bridge--consequently

Benefit--What this means to you is that the continuity of the teaching is maintained in your mind.

Nail down--Wouldn't you like the continuity of the teaching maintained in your mind?

It's easy to convince people; just follow the rules.

"Let a man so account of us, as of the ministers of Christ, and stewards of the mysteries of God.

Moreover it is required in stewards, that a man be found faithful."

I Corinthians 4:1,2

"You're just as accountable to God for the practical way in which you manage your life, your time, your money and everything else as you are on the way you handle the Word of God."

Dr. Victor Paul Wierwille

Practical Management

The following quotations were taken during the class on Practical Management, which is being taught by Mr. Howard Allen.

"You have to get honest with two people--yourself and God, or else you'll never get any place. . .We would rather be taken advantage of ten times than take advantage of someone once. . .Failing to plan is planning to fail. . .No horse works until harnessed; no life is great until it is first focused and dedicated. . .You don't answer letters; you answer people. . .Anger, like fire, always dies out after leaving a path of destruction. . .To handle yourself, use your head; to handle others, use your heart. . .Good impressions are silent salesmen. . .Anyone who has accuracy is a candidate for responsibility. . .Generalities are usually erroneous. . .Accuracy can never be overdone. . . The little person is as important as the big person, especially to himself. . .You should know a little bit about everything. . .Your mind never grows old. . .People worry themselves to death, although no one has ever worked himself to death....Hearing is a natural body function. Listening is an art; it requires action. . .You can't strengthen the weak by weakening the strong. . .You can get anything you want if you help enough people get what they want. . .We are 85% of what we hear. . .If you're going to learn something, learn it from an expert. . .If all else fails, ask God. He will help you. He is willing to help you in every aspect of life. He is mad if we don't ask. . .Way people should never be cold. Never let that fire go out. . .Gossip is the worst disease. . .

Conditions will never be perfect, so you've got to do it now. . .To be wrong is to make no decision. . .You should know your product--teach at a drop of a hat. . . Push indicates movement. . .Thankfulness is an active state of mind. . .The most valuable gift is a good example. . .It never hurts to give a little bit extra. . . You are smarter than you think. . .The joy, the peace and the understanding is up the ladder, not down. . . The world suffers more from moral defectiveness than from physical defectiveness. . .Enemies are made, not born. . .A straight two-by-four sells better than a crooked one. . .We usually ask for what we don't want to happen, and are surprised when we get it. . .SNIOP: Susceptible to Negative Influences of Other People. . . Most people start their day either in neutral or reverse. . .In a human being there is a gyroscope, but we must set it and reset it firmly or else others will come along and set it for us. . .We need a checkup from the neck up, periodically. . .Words are so vitally important that we need to control them. . .Do what you fear and that fear will disappear. . .'That love in your heart was not put there to stay. Love is not love until you give it away.'"

The only difference between work and play is ATTITUDE.

The Adversary--bent on bending a believer. "Bow or you'll burn," he bellows!! BUT his warped and threatening suggestions fall as old shale from a besieged precipice as God's heart in "the form of sound words" palpitates, germinates and expands in the thought processes of this believer. The Adversary is a terminal case...and he knows it. His evanescent attacks intensify daily; yet the faithfulness of that heart of God causes his fiery darts to melt to oblivion--each instance being token representation of his ineluctable future of paralyzed activity.

Rev. Craig Martindale

Pray, Think & Work

The sun comes up every mornin'
To brighten up your way,

To shine its light so we can see
On a dark and misty day.

The Word of God is like the sun,
It brightens every morn.

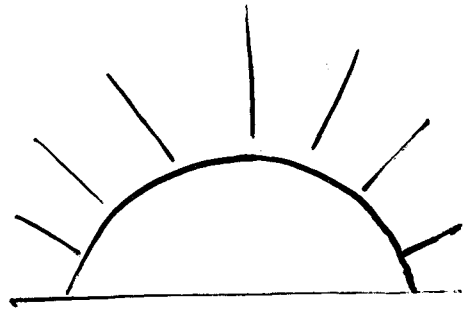

If we just put it in our heads,
Our minds can be reborn.

If, perhaps, you should wake up one morn
To find the sun not there

It's just because the rain
Has clouded up the air.

But if you would rise above the clouds,
You would be sure to see

The sun shining brightly
From now through eternity.

The Sun

Judy Womack

"There is nothing new under the sun; but a lot of things
are new in my mind."

Gary King

"Today I begin a new life. . .

Today I shed my old skin which hath, too long, suffered
the bruises of failure and the wounds of mediocrity. . .I
will greet this day with love in my heart. . .I will per-
sist until I succeed. . .I will act now. . .I will form
good habits and become their slaves. If I have no other
qualities, I can succeed with love alone."
