The Way Corps

Dear Doug & Connie,

God's richest blessings to you! We want to just take this moment to thank you so much for the love of God in your hearts that you have shared with us these last two weeks. We will never forget the wonderful times we had of learning, growing and working together as a team.

These last two weeks have changed our lives and have brought us closer to God. Thank you and God bless. You two are the best.

Love from our hearts,

The "Stickers" at H.Q.

TO THE CORPS WHO KEPT THE HOME FIRES BURNING:

"A great big, wonderful thank you to each and every one of you for seeing my need in the Corps office and meeting it. The thing that blessed me so much was that you never questioned or doubted Doug's decision to change office procedure. In fact, you took him so literally that I didn't see anyone for three days and I got lonely!

It has been a real privilege to watch you grow and grow close these last few weeks. Many things blessed me. Your 'give it all you've got' attitude when you went witnessing; the tenderness of the acting parents toward the children; your willingness to do things you had not done before; and your love for the man and woman of God who led you. Most of all, I had the thrill of watching the family become tightly knit together in love, not just a 'talk about it' trip, but real action.

I love you guys very much. You are the joy and rejoicing of my heart."

# HAPPY TO BE

"A coach always told me that a practice was harder than a game. It's not a perfect analogy to the Way Corps because we are always in a game. As we learn to recognize the fiery darts of the wicked here, they should look like stereophonic bazookas on the field."

"Comfort is not sympathy. Sympathy is a counterfeit. The comfort from God is knowing what action to take and the only way that comfort comes in is over quiet seas. We have a priority in the Corps to learn how to keep our seas quiet."

"He maketh the storm a calm, so that the waves thereof are still." Psalms 107:29

Rev. Craig Martindale

"I like to think of abundant sharing not as a debt owed, but as a seed sowed."

Shirley Weidenhamer

"Why do we discipline ourselves? It is just another stepping stone in reaching our goal."

Rev. Howard Yeremian, Jr.

"Reading the Word all day was like eating an all day sucker."

Ray Weidenhamer  
TFI

"Literally, one step at a time with God."

TFI'ers

"I could of never accomplished anything physically without using my whole mind and believing God spiritually to meet my need."

# HOME AGAIN

"You're going to be hot to trot for the Lord."

Doug Emerson

"Your body wants to quit, but the Word is always there."

Rev. Jim Doop  
TFI

"Those two weeks out on the field were great, but they were experience. What made those experiences great and successful was the Word and the Word is life and life is principle. Experiences will come and go but those principles of life are in the here and now. Every moment we can live the more than abundant life. We can't walk with Father yesterday, nor tomorrow but right now and that is the greatest."

Denise Bader  
Emporia

"There is no situation you cannot handle that Christ has not handled all ready."

Rev. Craig Martindale

"When enthusiasm dies, renewed mind begins!"

Doug Emerson

"Today has made me more excited about tomorrow."

Denise Bader

"The most important orders you give are the orders you give yourself."

"The only way we can be comforted is to know we are right on with God in the center of His Will."

Rev. Craig Martindale

"Don't ever be too smart to listen."

Christian Family & Sex

"You can win just about anyone with the love of God."

Statistic: The class on Power for Abundant Living teaches how to establish and maintain a positive attitude so that you can overcome any challenge. For example, twenty-eight of our W.O.W. Ambassadors went to San Antonio, Texas, this past fall and within less than two weeks everyone of them had a place to live and a job. They rose up to the challenge. You would like to overcome the challenges of life wouldn't you?

"Whenever I have any money given to me or I have earned it, I never feel like it is really mine to spend until I have given part of it back to God."

Robin Adelman

"God invented life. He should know how to live it."

"Jesus Christ never promised the muck of the world wouldn't stain our boots. He said in the midst of the muck we are more than conquerors."

Rev. Craig Martindale

"To be great you have to be simple and to be simple you have to be great."

"To travel light you have to get rid of that excess fat."

Doug Emerson

"I BESEECH you therefore, brethren, by the mercies of God, that ye present your bodies a living sacrifice, holy, acceptable unto God, which is your reasonable service."

HOW?

"And be not conformed to this world: but be ye transformed by the renewing of your mind, that ye may prove what is that good, and acceptable, and perfect, will of God."

Romans 12:1,2

We are the most blessed people in the world! We've GOT IT!
