

**THE
WAY**

God

April Grapevine

Dear Brothers and Sisters of Mine:

May God's abundance be showered upon you in the name of Jesus Christ.

So many times we hear people exhort us to offer people the opportunity to take the Power for Abundant Living class, each one win one, speak the Word to everything that moves, or witness, witness, witness. Well, what's wrong with that? It's what God's Word tells us to do if we want to grow up in Him. The class on Power for Abundant Living offers people the keys to unlock God's Word and thus tap the resources for the more abundant life. It never promises to give us life in all its fullness, nor does it guarantee that we will live the perfect life once we graduate from the class. What it does do is show us how, for the rest of our lives, to grow with God and develop the art of living life to its fullest degree. Life involves a growing process that will end only when Christ returns, when we die, or when we quit applying the principles from God's Word.

Doesn't your heart get excited when you learn more insight to the Word of God, when you see victory in your life in a certain situation, when you more fully understand what Jesus Christ accomplished for you, or when you give unreservedly to someone else? Keep diligent in His Word, and you will grow in all aspects of life. Never allow yourself to quit and let all the abundance God has to give pass you by.

The Easter season is here again, and communion will be available in your Twig fellowship this month. Concurrent Resurrection classes on Power for Abundant Living will be rolling throughout the country and world. It's a great time of the year to ponder on the price Jesus Christ paid for you. Now's the time to really work the book, Jesus Christ Our Passover, and share it with everyone who has ears to hear. Now's the time to make new commitments to live life for His Highest and rid ourselves of things that are holding us back. Make the decision, and keep it, to sit through the next Power for Abundant Living class with someone new and together dive into the riches of His Word.

I am proud to be standing with you, and I love you with all the love of God in my heart.

Love,

Cathy
