

April 25, 1979

To my dearly beloved member of the Corps household and to "the faithful in Christ Jesus. Grace to you, and peace, from God our father, and the Lord Jesus Christ."

Continuously I endeavor to do my utmost for God to you my Corps. I always think of you as "my Corps" knowing full well that only God called you.

You are so close to my heart and life that there is nothing I would refrain from doing if it would enable you to be a better man or woman for the glory of God and the outreach of the accuracy of His Word. I only wish I knew how to bless and to help you more. I want only God's best for you and you to be God's best.

Time and time again I have endeavored to walk by the greatest love I have to bless, help and to tenderize your heart, giving you greater love and the necessary guidance as to how to be the best man or woman of God in your loving, understanding and forgiving of others. There is so much more to the Corps than just the Biblical research work. So much more teaching and, yes, so much more.

I believe you know deep down in your heart that there is nothing I would ever do to hurt or injure anyone or to handle the Word of God deceitfully. I am so blessed and thankful when at times you may have opened the inner reservoirs of your heart and life and confided in me. I assure you that the "lock box" of my mind is sealed. I believe I know how Noah felt when the flood started and the people cried, "please Noah." Noah would have opened the door, even though that would have been wrong, except for the fact that "the Lord shut him in." He locked the door. Only Noah and God knew all that was within.

Hundreds of times things have been shared with me by a Corps person which I put in the lock box of my mind. I did not understand why they did so and so. I just allow my mind to remember that each born-again one stands before God in judgment and not me. But, I keep loving them with the love of Christ in my heart. Even for those who have left the Corps household, I feel nothing but love. My heart is hurt that I could not or did not help them more. Perhaps if I would have just taken more time with them, explained things to them, their standing in the Corps household would have continued. I am sorry for where I have failed them, you or Him.

I cannot recall ever having put anything about my personal needs before my Corps in writing. But, surely you must be God's best He has given me. So I come to you.

I need your prayers and love for my physical strength and well-being, for the love, care, understanding and concern like I have given you. Believe with me for sharpness of mind and spiritual awareness that I may have the health, strength and joy of teaching the Advanced Class this June, being physically, mentally and spiritually my absolute best for God.

Finally pray and believe with me that I may as president of The Way International replace myself by God working mightily in me to have just the right person to take my place as president when the time comes.

You are not only on my heart but in it. I love you in Him even perhaps beyond your full comprehension. God bless. I love you. You are the best.

Lovingly,  
In His service,

*Victor Paul Wierwille*
