Beloved Saints of Connecticut:

God bless you in the wonderful and powerful name of Jesus Christ!

The Day of Pentecost brought for the first time in history the availability to be filled with all of God's fullness in the new birth. How thankful we are and should be to live in this day and time as God's sons and daughters because His spirit dwells eternally within us.

God and His wonderful son Jesus Christ have done so much for us. In fact, God has done everything He could do to bless us. Yet, God cannot live His Word for us. This responsibility and privilege He left to you and I by the freedom of our will. God never oversteps any of His laws, so the manifesting, the living of the Word, and the power of the spirit are our decision. That is why God tells, beseeches, and encourages us to renew our minds and walk His Word. It is our walk, not His, and yet God is there to help and strengthen us as we walk.

Philippians 2:13:

For it is God which worketh in you both to will and to do of his good pleasure.

That we know so much of God's rightly divided Word is a magnificent privilege, one that should cause within great humbleness and thanksgiving. However, knowing God's Word is just a beginning. God not only desires for us to know His Word, but also to do it, for it is in the doing, the carrying out of God's instruction that we will manifest the results of it in our lives. Therefore, once we know the will of God in an area of life, the next logical (and expected) step is to apply it. We are to literally make God's will our will. This is done by decision and choice through the freedom of our will. How simple God has made it for us! He has made available to us all the ability and instruction we will ever need in this life. All He asks of us is we believe it and act upon it. The choice is ours.

I love you and thank God for you and for what He has done for all of us. Have a great Pentecost!

In His love and service,

Dave
