International Students

The Staff and Way Corps of The Way International are thrilled to welcome students from 30 brother and sister countries to LIVING VICTORIOUSLY. These believers have traveled from as far away as Australia, and represent countries including Japan, Zaire and the Netherlands. Class sessions will be translated into three languages: French, Spanish and German.

The significance of this historic class is heightened by the participation of our international students.

God bless you and welcome to LIVING VICTORIOUSLY,

We look forward to sharing with you two of the most exciting weeks in history. Our expectation is for you to grow in a greater knowledge of God's Word than ever before and to apply it even more dynamically in your life. With the Word living in your heart you will live victoriously. Expect God's abundant blessings on your life each day. Be sure to schedule some time each day while you're here to visit the House of His Healing Presence for perfect prayer. We love you and are blessed and privileged to serve you at LIVING VICTORIOUSLY.

Lovingly,
In Christ,

Bob and Rosalie

You'll Be at Center Stage

ASSIGNMENT: Transform a giant blue and white circus tent into an auditorium seating 8,000. Make it comfortable and inspirational. Make it so that everyone can hear and see as if he is on the front row. Got that?

Well, they got it all right. The overall impression of the Big Top Auditorium is one of grace and beauty. From the pleasant green carpet underfoot to the stately gold and blue banners around the periphery, everything in it is there for a reason.

The blue and gold throughout represent God's presence and abundance respectively. The white skirt-ing on the stage symbolizes God's purity; and the green plants, growth.

International flags from all the countries represented at LIVING VICTORIOUSLY flank the sides of the auditorium, followed by our state flags.

The sound system is a new concept in sound reinforcement. Twenty-two speaker columns are

OPENING PRAYER

Saturday, June 19, 1982

Each day LIVING VICTORIOUSLY begins with a flag raising and prayer. The prayer for each day will be printed in The Daily Victory.

Our Heavenly Father, we open this day of our 40th Anniversary class, LIVING VICTORIOUSLY, thanking you for the privilege of life and living. Thank you, Father, especially for all of our staff and workers who have labored and believed so lovingly and faithfully to be ready to receive our brothers and sisters from all over the world.

I thank you, Father, for your Word, your grace, mercy, peace, love and power in behalf of all of your people. Father, thank you for enabling us to help your people that they may be abundantly blessed, that they may glorify you and your Son by manifesting a life that is more than abundant by declaring your Word and will to the believers in all the nations of the world.

This I pray, Father, in the name of your Son, our lord and savior, Jesus Christ. Amen.

suspended from the tent poles to give each student the sound effect of sitting in his own living room.

For viewing efficiency, closed circuit video will be seen at all sessions with 48 monitors strategically placed for that "front row" effect.

No matter how far away you are, you'll be at center stage watching the greatest show on earth.

The House of His Healing Presence

Last night at 7:00 p.m. Dr. Wierwille, the Board of Trustees of The Way International and the President's Cabinet, along with the Chief Executive Officers of our Root locations and Region coordinators opened the continuing season of prayer for LIVING VICTORIOUSLY at the House of His Healing Presence in The Way Woods.

Throughout the week leading up to the class, Dr. Wierwille has continually reminded us of the importance of coming here to get quiet and work things out with the Father. "The House of His Healing Presence is the real heart of this place," he has shared. "All the work is wonderful, kids, but without prayer—without spending time here—what's it worth?"

Dr. Wierwille's prayer at the opening of the House of His Healing Presence was for God to make this a place where every prayer is heard and every need is met. We invite you to this special place to bring your heart's requests and lay them at the feet of our heavenly Father and spend an hour in praise and thanksgiving.

Can You Guess?

What's bright and blue with hearts and flowers and red balloons? What has trees and rainbows and scriptures galore? What's exuberant and heartwarming and seen all over the grounds? You guessed it—the Twig banners! Look for yours. They are all here—from our Twig fellowships from across the USA—and are hung throughout the grounds to bless you. The love with which they were prepared is a testimony to the hearts of our believers. Our special thanks to all of you who worked so diligently on these wonderful banners.

Biblical Research Center*

The Way Woods Mural

The magnificent painted backdrop for the stage in The Way Big Top Auditorium is a representation of the campfire area in The Way Woods. It was painted especially for this occasion by Tom and Mary Windham of Family Corps VI on eight four-by-ten-foot canvasses.

Concerning the project, Tom shares, "The angle and concept for the painting was decided on by Dr. Wierwille according to what he believed would mean the most to God's people—the teaching platform, the campfire circle and the entrance to the House of His Healing Presence.

"The speaker's platform faces the campfire which burns with seven logs. This fire is lit every time a season of prayer is begun in The Way Woods. Thus the heart of the teaching of God's Word, the fellowship of the campfire circle (for which the area is known) and the believing prayer of God's people are all represented."

A Letter Home

Dear Folks,

God bless. Wish you were here, but glad you're holding the fort at home. You'd LOVE this LIVING VICTORIOUSLY class! Saturday we arrived early, registered quickly, set up our tent and began what will be the greatest two weeks of our lives!

After praying for a time in THE HOUSE OF HIS HEALING PRESENCE (just to get started on the right spiritual footing), we strolled over to THE FOUNTAIN AND GARDEN OF LIVING WATERS. It was open all day Saturday. What a refreshing lift to the soul to sit amid the sight and sound of its falling waters, soft music and gorgeous flowers!

Then we visited a marvelous photo exhibit in the BIBLICAL RESEARCH CENTER, all about the 40-year history of our ministry. It was open all day Saturday. We saw photos of Mrs. Lazarus, the woman Dr. and Mrs. Wierwille healed in India, the students in the very first class on Power for Abundant Living (some of them are here at this class, too) and lots more that thrilled us. It even included first editions of Dr. Wierwille's books. It all gave us a great impression of what we can do as we develop the vision, commitment and dedication our founders have built.

The exhibit is especially significant because the Biblical Research Center will become the historical center for The Way International, and this is the forerunner of future displays there.

Later, we went to the BOOKSTORE to check out the latest in new publications, tapes and mementos. I bought the "New Horizons" cassette and a "S.I.T." cushion for you. We'll be going back during the week to get teaching tapes.

We're having a great time. And this is only the first day!

Love,

Pete
